

New Jersey (Manara) Institute For Islamic and Arabic Studies

May 1, 2021

Respected Board members, administrators and staff of Darul Arqam,

First and foremost, all praise and thanks are due to Allah, *subhanahu wa ta'ala*, and peace and blessings on his last messenger who was sent as a mercy to mankind.

We, at Al Manara Institute, appreciate your effort, work and dedication for our generation of Muslim youth as they prepare to take their role in leading our community. The focus of Islam in the education of our youth provides them with the skills necessary to teach others on our religion.

A special thanks to Darul Arqam who encourages our students to become role models and contribute in positive ways to our society. Also, a special thanks and gratitude to Sister Eman Elthawadi, who has a special leadership role in establishing this program and standing behind it.

We, as a collective, are able to create opportunities for our youth, as we work together, with the community's growth and success as our essential goal. We look forward to continuing to work with you and greatly appreciate your commitment and devotion.

Sincerely,

Mohammad Qatanani
